INTRODUCTION

OLD SPARTA & ELBA
LAND OFFICE RECORDS
&
MILITARY WARRANTS
1822 - 1860

This book dealing with records from the Land Offices in Sparta and Elba is the third book in a series on the old Land Offices of Alabama. Old Cahaba Land Office Records & Military Warrants, 1817-1853 was published in 1981 and Old St. Stephens Land Office Records & Military Warrants, American State Papers, Public Lands, Volume 1 was published in 1983. Preparation is already under way on the offices in Demopolis, Tuscaloosa and Huntsville.

The Sparta Land Office was created by Act of May 11, 1820 out of land in South Alabama previously controlled by the Cahaba Land Office. The land sold out of this office was situated in what are today the counties, or portions of the counties, of Escambia, Covington, Geneva, Houston, Henry, Dale, Coffee, Pike, Barbour and Monroe. Approximately 7,500 of the settlers from 1822 to 1860 are enumerated, listing the date of payment, place of residence and the location of property being purchased.

In the front of this book are two series of maps which will prove to be helpful in locating the purchased land. The first series shows the land controlled by the various land offices and how they developed. These offices were created by the Federal Government as land was acquired by the Indian Treaties, and they served as the instrument through which this land was sold. The second series of maps shows the development of the counties in Alabama. All of the land office maps are being used with the compliments of the Department of Archives and History in Montgomery, Alabama. The maps for 1820, 1830, 1840, 1850 and 1870 were also provided by the Department of Archives. The remaining maps are the author's interpretation of information found in Volumes I and II of "History of Alabama and Dictionary of Alabama Biography" by Thomas McAdory Owen concerning the development of the counties, and with guidance from maps found in "The Formative Period in Alabama 1815-1828" by Thomas Perkins Abernathy. By studying the location of Townships and Ranges on the Land Office maps, you can determine the county of settlement and then trace the development of that area into its final boundary. It was possible for a family to have lived in three or four counties without ever having moved. Having a better understanding of how the counties were developed will be of great value to researchers in determining the correct Court House for additional information.

All of the ledgers used in the compilation of this book can be located in the Civil Archives Department in the Department of Archives and History in Montgomery. There are a total of thirty-one ledgers from the Sparta and Elba Land Offices in Montgomery, of which only five have been used. Additional names, no doubt, can be found in these other ledgers. Of great interest are chapters four and five concerning military land warrants. Listed are men to whom the military bounty land was granted and the names of the people who actually settled on the land, the certificate number, date of location and the section, township and range of the property. There is no indication of which war the men served in, but this information can be obtained by writing to The National Archives and Records Service (GSA), Washington, D.C. 20408. Enclose a check for \$5.00.

If you are researching a certain ancestor who is known to have lived in Alabama during the years covered in this book, and you do not find his name listed, chances are his land was purchased from the county in which he lived. Once the land was sold by the Federal Government control of future sales would be handled locally. Also, it is possible all names listed in the ledgers will not show in this book. Some of the corners of the sheets have been broken off and lost. Some of the writing is so faded as to be illegible. Some of the writing is so ornate that it might easily be misread. Some of the names have obviously been written incorrectly by the recording clerk.

The Sparta Land Office was created May 11, 1820 by an Act entitled: "An Act to establish additional land offices in the states of Alabama and Illinois." (1) Sections 1 and 3 stated "Be it enacted by the Senate and House of Representatives of the United States of American, in Congress assembled, That for the sale of the unappropriated public lands in the state of Alabama, the following districts shall be formed, and land offices therefor established: All the public lands, as aforesaid, bounded on the north by the line which separates townships numbered fourteen and fifteen, in the district of Huntsville; on the south, by the line which separates townships twenty-two and twenty-three, in the district of Cahawba, and the district east of Pearl river; and on the east and west, by the lines of the state of Alabama; shall form a district, for which a land office shall be established at Tuscaloosa. And all the public lands, as aforesaid, bounded on the south by the southern boundary of the state of Alabama; on the west, by the line separating ranges four and five, east of the basis meridian, to the line separating townships five and six north, in the district of Cahawba; thence, east with said line, to the line separating ranges twenty and twenty-one; thence north, with the said line, to the line separating townships eleven and twelve; thence, east, with said line, to the eastern boundary of the state of Alabama, and bounded on the east by the eastern boundary of said state; shall form a district, for which a land office shall be established at Conecuh Courthouse (Sparta Land Office).

Sec. 4. And be it further enacted, That there shall be a register and receiver appointed to each of the aforesaid land offices, to super-

intend the sales of the public lands in their respective districts, at which the offices are fixed, give security in the same manner, in the same sums, and whose compensation, emoluments, and duties, and authority, shall, in every respect, be the same, in relation to the lands which shall be disposed of at their offices, as are or may be by law provided in relation to the registers and receivers of public moneys in the several offices established for the sale of the public lands."

The Registers in the Sparta and Elba Land Offices were as follows:
E.G. Greening, February 19, 1822 - December 4, 1825; I.G. Shaw, December 5, 1825 - May 16, 1828; W.H. Greening, May 17, 1828 - April 7, 1850; William Judge, April 8, 1850 - May 1, 1853; N. Stallworth, May 2, 1853 - September 26, 1853; Edward W. Martin, September 27, 1853 - August 13, 1855; James Clayton, August 14, 1855 - May 28, 1856; Joseph I. Baldwin, May 20, 1856 - January 11, 1861; John T. Knight, July 16, 1866 - April 11, 1867.

The Receivers were John Herbert, January 9, 1821 - December 20, 1826; Andrew F. Perry, December 21, 1826 - May 16, 1828; John S. Hunter May 17, 1828 - March 6, 1834; A.D.
